

Student Leadership Summit 2024 EDITION

Introduction

The Great Lakes ITE District is excited to announce the 2024 Student Leadership Summit! The Summit will be held along with this year's District Meeting in Green Bay, Wisconsin on June 12th, 2024. This will be the first Summit post-Covid 19, and we are excited for a great turn-out.

What does a Student Leadership Summit entail?

Workshops on Leadership and Vision, a panel on Transportation Certifications, a panel on Career Paths, the 2024 Student Team Design Competition, some awesome presentations, and more!

Why should students attend?

It is a great way to network, especially connecting with other students and student chapters. You can further your skills in leadership, learn about new and emerging career paths, find out more about certifications and how to obtain them, and compete against other students using design skills.

How do I participate?

When registering for the conference, select the add-on "Student Leadership Summit, June 12, 9:00 - 4:00 PM." [Link](#) to register.
