

Student Team Design Competition 2024 EDITION

Introduction

The Great Lakes District's Student Activities Committee proudly presents the 2024 Student Team Design Competition! The Competition is open for all students who will be attending the 2024 Great Lakes District Annual Meeting held June 12th-14th in Green Bay, WI.

This competition allows student members to tackle a topic as a project team and present their solutions to a panel of professionals during the Great Lakes Annual Meeting. Teams of 4 to 6 students will be formed. The team will organize themselves with one member designated as the project leader. The project topic will be revealed to all student teams in April in a joint webinar. The team will have until the Annual Meeting to research the topic, develop their solution, and prepare their presentation.

If students desire, they can join with another student chapter to form a project team. If a chapter does not have enough interested students to form a team on their own, please let the Committee know and we can connect those students to another chapter to form a team.

The project specifics and topic will be given to interested student teams during a kickoff webinar in April.

When/Where?

Presentations will be held during the Great Lakes Annual Meeting on June 13th.
